

December 17 and 18, 2021 - Rome Cavalieri Congress Center

ICOOR 2021

9° International Congress on OCT
and OCT angiography in Rome

2020 and 2021 were difficult years that will forever be remembered as the darkest years of the century. The pandemic due to COVID-19 has shocked entire communities, including the scientific one. This is why we thought that starting with **“in presence”** congress at the end of 2021, will be the best way to leave behind us a tragic episode like that we are still suffering.

We are doing all the best to guarantee the highest scientific quality of the meeting with the world's leading retina experts.

The meeting will be shorter than the previously years and will be in only one day and half, but not less intense than speakers and talkers of the top level.

Live surgery and Floretina symposia will be organize in the nearby meeting room. The world's leading experts in surgery will report their experiences by the most innovative surgical approaches.

Among the speakers we announced the participation of:

Albert Augustin Germany

Daniela Bacherini Italy

Francesco Bandello Italy

Francine Behar-Cohen France

Joseph Carroll United States

Jay Chhablani United States

Carl Claes Belgium

Yves Salomon Cohen France

Ehab El Rayes Egypt

Ghasemi Falavarjani Khalil, Iran

Francesco Faraldi Italy

James Fujimoto United States

José García-Arumí Spain

Alain Gaudric France

Frank G. Holz Germany

David Huang United States

Yali Jia United States

Paolo Lanzetta Italy

Domenico Lepore Italy

Anat Loewenstein Israel

Brandon Lujan United States

Bruno Lumbroso Italy

Alexandra Miere France

Darius M. Moshfeghi United States

Marion Munk Switzerland

Quan Dong Nguyen United States

Daniel Pauleikhoff Germany

Giuseppe Querques Italy

Kourous Rezaei United States

Marco Rispoli Italy

Stanislao Rizzo Italy

José Maria Ruiz Moreno Spain

Srinivas Sadda United States

José Alain Sahel France

David Sarraf United States

Maria Cristina Savastano Italy
